

School Closings

Unexpected school closings and delayed openings will be conveyed to parents as follows:

For weather-related closings or late starts, we will

- send a phone blast to local home phones,
- place a recording on the school's main phone lines (314/993-4040 and 314993-4045),
- post an announcement on the school's homepage and
- notify local radio and TV stations (KMOX-AM 1120, KMOV-TV Channel 4, KTVI FOX 2, KSDK Newschannel 5).

For daytime closings (such as power or water outages), we will send a phone blast to local parent home, business and cell numbers.

For emergencies, we will send a phone blast to all phone numbers in our database - home, business and cell numbers (including those out-of-town).
